23. *Mr. Wildman*—Resolution—That in the opinion of this House the Government of Ontario should introduce the necessary amendments to The Health Insurance Act to extend OHIP coverage for transportation costs for non-emergency referrals to out-of-town medical centres and return fares home for patients from Northern Ontario.

27. *Mr. Davison* (Hamilton Centre)—Resolution—That in the opinion of this House, the government should introduce legislation to replace the Ontario Censor Board with a Film Classification Board that would not have the power to cut or reject films, so that the decision to view or not to view a film would rest with the parents and families of Ontario, rather than the government.
28. *Mr. Ruston*—Resolution—That in the opinion of this House, the Provincial Government should make available a basic free-of-charge dental care plan to all residents of Ontario 65 years of age and over who are in receipt of GAINS benefits. Such “basic care” would include preventative services, simple restoration and full or partial dentures. *To be debated on Thursday, October 9th, 1980.*

30. *Mr. Smith* (Hamilton West)—Notice of Reasoned Amendment—That Bill 5, An Act to amend The Municipality of Metropolitan Toronto Act be NOT now read a second time but be referred back to the Government to have incorporated therein the principles expressed in the resolution passed in this House November 16th, 1978, namely; that, the residential portions of Ward's and Algonquin Islands now occupied by the Toronto Island homes be transferred back to the City of Toronto in order that the island residents be saved from eviction, and further that the Municipality of Metropolitan Toronto be requested to take no further action to dispossess or evict any owners or tenants until the House has had a further opportunity to act on this Bill.
31. *Mr. Epp*—Resolution—That, in the opinion of this House, the Government should recognize the principles of “timely decision making” endorsed by Ontario municipalities so that planning matters can be acted upon without undue delay, and further that the Ontario Municipal Board be required to hold hearings within 90 days of a referral and be required to render a decision within 30 days of that hearing.
32. *Mr. Stong*—Resolution—That in the opinion of this House, the Government of Ontario should review the *Juries Act*, 1974 with a view to: 1. Devising a form of immediate and reasonable compensation for the benefit of employers able to demonstrate hardship by reason of being required to pay the wages or salary of an employee serving jury duty and, 3. Increasing the daily stipend paid to jurors participating in trials lasting for periods longer than ten successive juridical days and providing for a scale of additional increased stipends to be paid to jurors on the basis of the number of days served at the trial.
33. *Mr. Conway*—Resolution—That in the opinion of this House, the Government of Ontario establish a uniform demarcation line separating Northern from Southern Ontario and that such a demarcation line take into favourable

consideration the northern conditions prevailing in the Provisional County of Haliburton and in the northerly part of the County of Renfrew.

  35. *Mr. Isaacs*—Resolution—That in the opinion of this House the government should introduce a programme of property tax and municipal finance reform with the following components: 1. a reduction in the education tax paid by property taxpayers achieved through an immediate initial increase in the provincial share of education costs from 50% to 65%; 2. economic value assessment to be introduced province-wide for all real property in place of existing and proposed market value assessment and other assessment systems; 3. a new tax credit system based on principal residential property taxes paid and total family income, with cheques being mailed to homeowners and tenants for application against their annual property tax bills or rents which include property tax costs; 4. legislated revenue sharing with municipalities and school boards; 5. full property taxation for all underground mining facilities; 6. full payment of property taxes on provincial government property. Further, That the government should make changes to the property tax system which would progressively remove the property tax burden from homeowners and tenants and which will ensure that the total property tax system move from its present unfair base to one which is related as closely as possible to ability-to-pay. Further, That the government should provide sufficient funding to the new property tax credit programme to ensure that an amount equal to the amount of school taxes is credited to average income homeowners and tenants, with more than 50% of total property taxes being credited to all below average income homeowners and tenants.

## PRIVATE MEMBERS' MOTIONS

*(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)*

4. *Mr. Bounsell*—Resolution—That this House urge the Government of Ontario to implement immediately in legislation as amendments to the Ontario Human Rights Code, all the recommendations contained in the Ontario Human Rights Commission Report—Life Together: A Report on Human Rights in Ontario—particularly inasmuch as it has now been three years since that report was received, and over five years since one Minister of Labour committed the Government to introducing amendments at the next session.
5. *Mr. Haggerty*—Resolution—That, in the opinion of this House the Government of Ontario should introduce legislation proclaiming the First Sunday in October, in each year, as Fire Fighters Memorial Sunday, in recognition of service to Country and Community, a special tribute to an extraordinary Group of Ontarians, who have made a supreme sacrifice for the safety and well being of their fellow Canadians and to provide the opportunity to inform Ontario Citizens, about their province's most dangerous profession and create awareness of Fire Prevention Week. *To be debated on Thursday, October 30, 1980.*
6. *Withdrawn May 2nd, 1980.*
14. *Mr. Reid* (Rainy River)—Resolution—That, this House strongly urges the Government of Ontario to include under the O.H.I.P. program the provisions of prosthetic, orthotic and assistive devices for the physically handicapped and that this service be provided without delay.

23. *Mr. Wildman*—Resolution—That in the opinion of this House the Government of Ontario should introduce the necessary amendments to The Health Insurance Act to extend OHIP coverage for transportation costs for non-emergency referrals to out-of-town medical centres and return fares home for patients from Northern Ontario.
25. *Mr. Haggerty*—Resolution—That in the opinion of the Legislature no approval be granted for any permanent nuclear waste repository site in Ontario, without the special approval of the Ontario Legislature.

27. *Mr. Davison* (Hamilton Centre)—Resolution—That in the opinion of this House, the government should introduce legislation to replace the Ontario Censor Board with a Film Classification Board that would not have the power to cut or reject films, so that the decision to view or not to view a film would rest with the parents and families of Ontario, rather than the government.
29. *Mr. Reid* (Rainy River)—Resolution—That this House is in favour of establishing a joint committee with the states of United States along the Ontario borders for purposes of discussing mutual problems.
30. *Mr. Smith* (Hamilton West)—Notice of Reasoned Amendment—That Bill 5, An Act to amend The Municipality of Metropolitan Toronto Act be NOT now read a second time but be referred back to the Government to have incorporated therein the principles expressed in the resolution passed in this House November 16th, 1978, namely; that, the residential portions of Ward's and Algonquin Islands now occupied by the Toronto Island homes be transferred back to the City of Toronto in order that the island residents be saved from eviction, and further that the Municipality of Metropolitan Toronto be requested to take no further action to dispossess or evict any owners or tenants until the House has had a further opportunity to act on this Bill.
31. *Mr. Epp*—Resolution—That, in the opinion of this House, the Government should recognize the principles of “timely decision making” endorsed by Ontario municipalities so that planning matters can be acted upon without undue delay, and further that the Ontario Municipal Board be required to hold hearings within 90 days of a referral and be required to render a decision within 30 days of that hearing. *To be debated on Thursday, October 16, 1980.*
32. *Mr. Stong*—Resolution—That in the opinion of this House, the Government of Ontario should review the *Juries Act*, 1974 with a view to: 1. Requiring every employer to continue to pay the regular wage or salary of every permanent employee who is serving jury duty except that the employer shall not be required to pay the wage or salary of the employee for a period greater than ten successive juridical days; 2. Devising a form of immediate and reasonable compensation for the benefit of employers able to demonstrate hardship by reason of being required to pay the wages or salary of an employee serving jury duty and, 3. 33. *Mr. Conway*—Resolution—That in the opinion of this House, the Government of Ontario establish a uniform demarcation line separating Northern from Southern Ontario and that such a demarcation line take into favourable consideration the northern conditions prevailing in the Provisional County of Haliburton and in the northerly part of the County of Renfrew.

35. *Mr. Isaacs*—Resolution—That in the opinion of this House the government should introduce a programme of property tax and municipal finance reform with the following components: 1. a reduction in the education tax paid by property taxpayers achieved through an immediate initial increase in the provincial share of education costs from 50% to 65%; 2. economic value assessment to be introduced province-wide for all real property in place of existing and proposed market value assessment and other assessment systems; 3. a new tax credit system based on principal residential property taxes paid and total family income, with cheques being mailed to homeowners and tenants for application against their annual property tax bills or rents which include property tax costs; 4. legislated revenue sharing with municipalities and school boards; 5. full property taxation for all underground mining facilities; 6. full payment of property taxes on provincial government property. Further, That the government should make changes to the property tax system which would progressively remove the property tax burden from homeowners and tenants and which will ensure that the total property tax system move from its present unfair base to one which is related as closely as possible to ability-to-pay. Further, That the government should provide sufficient funding to the new property tax credit programme to ensure that an amount equal to the amount of school taxes is credited to average income homeowners and tenants, with more than 50% of total property taxes being credited to all below average income homeowners and tenants.
  36. *Mr. McCaffrey*—Resolution—That this House urge the Government of Ontario, through the Ministry of Community and Social Services, to take further steps as a matter of priority to ensure that senior citizens have access throughout the Province to home support services. *To be debated on Thursday, October 16th, 1980.*

## NOTICES

### PRIVATE MEMBERS' MOTIONS

4. *Mr. Bounsall*—Resolution—That this House urge the Government of Ontario to implement immediately in legislation as amendments to the Ontario Human Rights Code, all the recommendations contained in the Ontario Human Rights Commission Report—Life Together: A Report on Human Rights in Ontario—particularly inasmuch as it has now been three years since that report was received, and over five years since one Minister of Labour committed the Government to introducing amendments at the next session.
5. *Mr. Haggerty*—Resolution—That, in the opinion of this House the Government of Ontario should introduce legislation proclaiming the First Sunday in October, in each year, as Fire Fighters Memorial Sunday, in recognition of service to Country and Community, a special tribute to an extraordinary Group of Ontarians, who have made a supreme sacrifice for the safety and well being of their fellow Canadians and to provide the opportunity to inform Ontario Citizens, about their province's most dangerous profession and create awareness of Fire Prevention Week. *To be debated on Thursday, October 30, 1980.*
6. *Withdrawn May 2nd, 1980.*
14. *Mr. Reid* (Rainy River)—Resolution—That, this House strongly urges the Government of Ontario to include under the O.H.I.P. program the provisions of prosthetic, orthotic and assistive devices for the physically handicapped and that this service be provided without delay.
19. *Mr. Johnston* (Scarborough-West)—Resolution—That in the opinion of this House the Government of Ontario should facilitate the enumeration of electors of the French Language Advisory Committees to Boards of Education in Ontario, by adding the following questions to the enumeration notice this fall, in areas where such committees exist. 1. Etes-vous d'expression française/Are you French-Speaking. 2. Voulez-vous être contribuable-électeur des écoles françaises/Do you wish to be supporter-elector of French schools.
22. *Mr. Isaacs*—Resolution—That, in the opinion of this House, the Government should consider the introduction of legislation that would make foreign students who earn income as teaching assistants at Ontario colleges and universities eligible for Ontario property tax and sales tax credits.
23. *Mr. Wildman*—Resolution—That in the opinion of this House the Government of Ontario should introduce the necessary amendments to The Health Insurance Act to extend OHIP coverage for transportation costs for non-emergency referrals to out-of-town medical centres and return fares home for patients from Northern Ontario.
25. *Mr. Haggerty*—Resolution—That in the opinion of the Legislature no approval be granted for any permanent nuclear waste repository site in Ontario, without the special approval of the Ontario Legislature.

27. *Mr. Davison* (Hamilton Centre)—Resolution—That in the opinion of this House, the government should introduce legislation to replace the Ontario Censor Board with a Film Classification Board that would not have the power to cut or reject films, so that the decision to view or not to view a film would rest with the parents and families of Ontario, rather than the government.
29. *Mr. Reid* (Rainy River)—Resolution—That this House is in favour of establishing a joint committee with the states of United States along the Ontario borders for purposes of discussing mutual problems.
30. *Mr. Smith* (Hamilton West)—Notice of Reasoned Amendment—That Bill 5, An Act to amend The Municipality of Metropolitan Toronto Act be NOT now read a second time but be referred back to the Government to have incorporated therein the principles expressed in the resolution passed in this House November 16th, 1978, namely; that, the residential portions of Ward's and Algonquin Islands now occupied by the Toronto Island homes be transferred back to the City of Toronto in order that the island residents be saved from eviction, and further that the Municipality of Metropolitan Toronto be requested to take no further action to dispossess or evict any owners or tenants until the House has had a further opportunity to act on this Bill.
32. *Mr. Stong*—Resolution—That in the opinion of this House, the Government of Ontario should review the *Juries Act*, 1974 with a view to: 1. Devising a form of immediate and reasonable compensation for the benefit of employers able to demonstrate hardship by reason of being required to pay the wages or salary of an employee serving jury duty and, 3. Increasing the daily stipend paid to jurors participating in trials lasting for periods longer than ten successive juridical days and providing for a scale of additional increased stipends to be paid to jurors on the basis of the number of days served at the trial.
33. *Mr. Conway*—Resolution—That in the opinion of this House, the Government of Ontario establish a uniform demarcation line separating Northern from Southern Ontario and that such a demarcation line take into favourable consideration the northern conditions prevailing in the Provisional County of Haliburton and in the northerly part of the County of Renfrew.
34. *Mr. Philip*—Resolution—That in the opinion of this House the Assembly should request the Government of Canada to re-introduce and the Parliament of Canada to enact amendments to the Criminal Code of Canada such as were originally contained in Bill C-51 of 1978, strengthening the Criminal Code sanctions against sexual exploitation of children, and child pornography and that Mr. Speaker communicate this request to the Prime Minister of Canada and the Speaker of the House of Commons.
35. *Mr. Isaacs*—Resolution—That in the opinion of this House the government should introduce a programme of property tax and municipal finance reform

with the following components: 1. a reduction in the education tax paid by property taxpayers achieved through an immediate initial increase in the provincial share of education costs from 50% to 65%; 2. economic value assessment to be introduced province-wide for all real property in place of existing and proposed market value assessment and other assessment systems; 3. a new tax credit system based on principal residential property taxes paid and total family income, with cheques being mailed to homeowners and tenants for application against their annual property tax bills or rents which include property tax costs; 4. legislated revenue sharing with municipalities and school boards; 5. full property taxation for all underground mining facilities; 6. full payment of property taxes on provincial government property. Further, That the government should make changes to the property tax system which would progressively remove the property tax burden from homeowners and tenants and which will ensure that the total property tax system move from its present unfair base to one which is related as closely as possible to ability-to-pay. Further, That the government should provide sufficient funding to the new property tax credit programme to ensure that an amount equal to the amount of school taxes is credited to average income homeowners and tenants, with more than 50% of total property taxes being credited to all below average income homeowners and tenants.

37. *Mr. McClellan*—Resolution—That in the opinion of this House the Government should provide that: 1. Access to universal (non-compulsory) tax-supported quality day care be recognized as an essential right of each child and family who needs it. 2. The day care system for Ontario provide care for children from infancy to age 12, based on the neighbourhood hub model, with provincial government funding available to neighbourhood centres to provide a full range and mix of services, including: (a) Group centres, principally in schools, but also in community centres, churches, libraries; (b) Private home day care, as set out in (6); (c) Part time care through group centres or drop-in facilities; (d) Emergency care for sick children, night care, and in-home care for the children of shift-workers; (e) Workplace day care where appropriate; (f) Integrated neighbourhood-based group care for special needs children. 3. Responsibility for the provision of day care services should be transferred to a separate department of Early Childhood Care and Education within the Ministry of Education, and that an Inter-Ministry task force be established to examine this proposal. 4. The province be committed to provide funds for day care and assistance in implementation when 25 children within a school attendance area are in need of such services. 5. Day care funds be directed only to non-profit community-controlled child care centres and those operated by government. 6.
